Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Tap into solar efficiency with a 100kW/241kWh storage system. Robust, reliable, and ready for any challenge. Learn more!

These containers function as a stand-alone energy storage system that is specifically designed to store energy generated by solar panels.

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring ...

CTS 100kW/215kWh LiFePO4 battery energy storage system boosts solar efficiency by 40%, IP54-rated, grid-integrated, trusted by 500+ global sites. Request ROI analysis or technical ...

- Empower your business with a 100KW solar system that captures natural sunlight and converts it into clean, ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

- Empower your business with a 100KW solar system that captures natural sunlight and converts it into clean, sustainable energy. - Benefit from a high-capacity 200KWH LiFePO4 battery, ...

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs.
