-----

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

Our systems are built to handle grid fluctuations and provide security during outages, while enabling greater use of renewables. For Czech families and companies, Highjoule offers a ...

These panels usually use high-efficiency thin-film solar technology, which is light, flexible and easy to fold. The panels can be folded inside the container for easy transportation ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, ...

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

Explore our innovative solar panel container projects that have transformed energy solutions for businesses and communities across various industries and regions.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage

(100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems.

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi ...
