-----  
Are ZSC mobile solar containers a microgrid solution?

Hybrid performance with a generator or an Energy Storage System makes the ZSC mobile solar containers as part of a microgrid solution. With paralleling capabilities with other energy sources, these solar containers become a scalable solution. Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission.

What is a ZSC mobile solar container?

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site. ECO controller for energy management ZSC 100-400 mobile solar container in hybrid operation

Why should you choose Australian made battery solutions?

On top of that, our world class software helps residences and businesses help themselves by making, using and selling their own renewable power. An Australian made battery solution helps Australians, Australian industry, the power network and the planet.
