What is the first section of an oil refinery's business plan?

The first section of your oil refinery's business plan is the executive summary which provides, as its name suggests, an enticing summary of your plan which should hook the reader and make them want to know more about your business.

Does your oil refinery business plan have a financial forecast?

It's simple - you need to have an up-to-date financial forecast. The good news is that your oil refinery business plan already includes a financial forecast (which we'll discuss further in this guide). Your task is to ensure it stays current.

How to write an oil refinery business plan?

Outsourcing the plan to the business plan writer. Using online business planning software is the most efficient and modern way to write an oil refinery business plan. There are several advantages to using specialized software: If you're interested in using this type of solution, you can try The Business Plan Shop for free by signing up here.

Why do oil refineries need a business plan?

A detailed business plan becomes a crucial tool when seeking financing from banks or investors for your oil refinery. Investing and lending to small businesses are very risky activities given how fragile they are. Therefore, financiers have to take extra precautions before putting their capital at risk.
