What are duragreen® collapsible bulk containers?

DuraGreen® collapsible bulk containers are space-saving containers engineered for durability and longevity. These containers are made of high-density polyethylene (HDPE),a durable material that will protect your products throughout the duration of the container's life.

Are plastic collapsible bulk containers sustainable?

Our plastic collapsible bulk containers are an excellent choice for companies focused on zero-waste strategies and carbon footprint reduction. As part of a sustainable approach to business,they are also recyclable at the end of their life cycle.

What is a collapsible bulk container?

A collapsible bulk containeris a staple in the automotive and manufacturing sectors. These containers offer straightforward access to parts on assembly lines and efficient component transport within supply chains. They also come with lids to add an extra layer of protection for your products.

What is a 48 x 40 collapsible bulk container?

A 48" x 40" collapsible bulk container is a reinforced container designed for loads up to 1,800 lbs.It is popular with manufacturers and industrial parts suppliers for transport,storage,and large item distribution. This container stacks and collapses flat in seconds,increasing the quantity per truckload on return shipments.
