Do PV modules lose resale value?

For historical secondary market PV module pricing from 2020 through 2023, download the 2023 PV Module Price Index from EnergyBin's Resources portal. Overall, the price index shows that new PV modules don't tend to lose resale value in the U.S. secondary market unless their technology is older, such as Legacy POLY modules.

How much does a low-cost photovoltaic module cost?

Low-Cost Photovoltaic Modules: Average price of EUR0.060/Wp, a decrease of 7.7% compared to the previous month. These figures underscore the significant pressures in the photovoltaic market, as price reductions strain margins to unprecedented levels.

What is the PV module price index?

The PV Module Price Index tracks wholesale pricing and supply of crystalline-silicon modules that have fallen out of traditional distribution channels, and as a result are listed for resale on the EnergyBin exchange.

How much does a module cost in 2024?

High-Efficiency Modules: Average price of EUR0.14/Wp, down 6.7% from September 2024 and 39.1% from January 2024. Mainstream Modules: Average price of EUR0.11/Wp, stable compared to September but 21.4% lower than January 2024. Low-Cost Modules: Average price of EUR0.065/Wp, a 7.1% decrease from September and 27.8% from January 2024.

The average price of solar panels used in distributed generation projects in the US reached US\$0.27/W by the first half of the year.

IRENA presents solar photovoltaic module prices for a number of different technologies. Here we use the average yearly price ...

Access Anza's free quarterly PV panel price insights report for pricing data from more than 95% of the U.S. module supply.

IRENA presents solar photovoltaic module prices for a number of different technologies. Here we use the average yearly price for technologies "Thin film a-Si/u-Si or ...

Gain access to the only published solar industry analysis report with Solar Modules Forward Curves in the industry and based primarily on traded ...

The PV Module Price Index tracks wholesale pricing and supply of crystalline-silicon modules that have fallen out of traditional distribution channels, and as a result are listed for ...

InfoLink Consulting provides weekly updates on PV spot prices, covering module price, cell price, wafer price, and polysilicon price. Learn about photovoltaic panel price trends ...

SMM brings you current solar photovoltaic equipment or material prices and historical price charts such as polysilicon prices, silicon wafer prices, ...

The updated guide to photovoltaic module prices shows the latest costs of solar panels across Europe. In August, high-efficiency ...

SMM brings you current solar photovoltaic equipment or material prices and historical price charts such as polysilicon prices, silicon wafer prices, battery cell prices, module prices, silicon ...

The market is currently in the seasonal off-peak period, and the module segment has failed to follow upstream price increases. Therefore, acceptance of price hikes in ...

Solar System and Inverter Retailer Prices are updated on Friday.
