Moreover, DPU-3200 provides vast design flexibility by equipping various built-in functions such as output programming, active current sharing, ...

AC/DC>Programmable Power-DPU Series Wattage 3200W Optional conformal coating,Safety approval: UL/TUV/EAC/CE/CB,5 years warranty

Both series are suitable for applications in industrial automation, telecommunication equipment, battery charging equipment, and EV charging stations that ...

DPU-3200 series Taiwan Meanwell switching power supply 24V/40A DC uninterruptible rail class DC UPS module

Description AMETEK Land item no. 815835 DPU-UI DIN Rail Power Supply 100-240VAC, 50-60Hz, 1A

The UPS was specifically designed for use with the ABB Distribution Unit (DPU) and the ABB Integrated Microprocessor Protective Relay System (IMPRS) relays. It converts the voltage to ...

We trade new and used PLC parts of different brands, special test equipment and instruments, motors, drives, semiconductor and electronic industry related parts, and the list goes on and ...

Moreover, DPU-3200 provides vast design flexibility by equipping various built-in functions such as output programming, active current sharing, remote ON-OFF control, auxiliary power, and etc.

About this item ?Reliable quality? Power supply driver with adjustable output voltage and current value, with PFC, remote on/off control, auxiliary power supply. ?Strong ...
