Discover reliable power protection with the EAST EA902PS 2KVA/1800W Online UPS. Equipped with an integrated 4x9Ah battery, this tower design ensures uninterrupted power for critical ...

The EA890i is a high-performance Uninterruptible Power Supply (UPS) system with a power range of 160 to 500 kVA, designed to provide reliable power protection and energy efficiency ...

The backup power supply for TV adopts advanced microcomputer (CPU) control technology, faster and more accurate data processing and control. With interactive design, the UPS ...

Line-interactive UPSs with rechargeable batteries that maintain uninterrupted power to critical loads via multiple output sockets during mains failures; they also ...

The unit is equipped with an output power capacity of 1.8 kW / 2 kVA and supports dynamic ride-through capabilities, allowing it to handle voltage ...

The unit is equipped with an output power capacity of 1.8 kW / 2 kVA and supports dynamic ride-through capabilities, allowing it to handle voltage dips of up to -50% without immediate ...

WIDE APPLICATIONS: The uninterruptible power supply is widely used in switch, router, display, firewall, application, server, intelligent security, computer, laboratory ...

Line-interactive UPSs with rechargeable batteries that maintain uninterrupted power to critical loads via multiple output sockets during mains failures; they also protect from mains ...

Introducing the EAST EA2150 -- a powerful, Line-Interactive Uninterruptible Power Supply (UPS) designed to protect your most important and expensive electronics. With an impressive 900 ...
