-----

Our liquid-cooling energy storage cabinet is engineered for high-efficiency, scalable ESS solutions. It combines top-tier LiFePO4 cells, advanced ...

The liquid cooling battery cabinet is a distributed energy storage system for industrial and commercial applications. It can store electricity converted from solar, wind and other ...

Our liquid-cooling energy storage cabinet is engineered for high-efficiency, scalable ESS solutions. It combines top-tier LiFePO4 cells, advanced liquid cooling, and AI-powered safety ...

Unlike traditional air-cooled systems, this energy storage cabinet features a proprietary liquid cooling system. It ensures even heat dissipation, avoids hotspots, and maintains safe ...

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

Highjoule's industrial and commercial energy storage system adopts an integrated design concept, with integrated batteries, battery management system BMS, energy management ...

The eFlex 836kWh system is designed to fit into even the most compact spaces. With an energy density of 98.4kWh/m<sup>3</sup>; and a footprint of just 3.44m<sup>2</sup>, it offers a high-performance solution that ...

Explore GSL Energy's certified liquid-cooled outdoor lithium-ion battery cabinets, offering up to 372kWh capacity with UL9540, UL1973, and IEC62619 certifications.

SUNWODA's Outdoor Liquid Cooling Cabinet is built using innovative liquid cooling technology and is

fully-integrated modular and compact energy storage system designed for ease of ...

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, ...

Designed for commercial and industrial applications, this 261kWh energy storage cabinet integrates cutting-edge 314Ah LiFePO4 battery cells with a high-performance liquid cooling ...

DH800Y is a new-generation fully liquid-cooled, modular energy storage system featuring a 690V medium-voltage grid connection solution. Each cabinet has a capacity of up to 836 kWh and ...
