-----  
How much does mobile telephony cost in Sao Tome & Principe?

If one does not take a fixed amount in US dollars, but converts it to the economic output per inhabitant, a user in Sao Tome and Principe spends 7.1% of his income on mobile telephony. Worldwide, this rate is around 5.3 percent. In the USA, the monthly cost was around \$49.10.

What percentage of Sao Tome & Principe residents have broadband?

Values above 100 percent mean that, on average, every inhabitant has more than one connection. Sao Tome and Principe is lagging behind in the expansion of broadband internet connections. Around 62 percent of all residents have access to the internet.

Does Sao Tome and Principe have a good internet connection?

Sao Tome and Principe is lagging behind in the expansion of broadband internet connections. Around 62 percent of all residents have access to the internet. Around 3 percent have their own fast internet connection, which is at least faster than the former ISDN (more than 256 kbit/s).

How much does Sao Tome & Principe cost a month?

A monthly budget averaging US\$14.30 was calculated for Sao Tome and Principe in 2023. Compared to the previous year, this amount has risen by 2 percent. The ITU refers to the costs for monthly use and includes 140 telephony minutes, 70 text messages and a data transfer of 2 GBytes.
