These structures are engineered to support heavy-duty electrical and mechanical systems such as switchgear, transformers, and control equipment--making them ideal for substations, data ...

IMG designs and manufactures various portable power distribution equipment used to convert incoming power in order to supply specific voltages to electrical equipment at site.

There Is No Room For Costly errors.Low-Risk, Straightforward Solutions.Expect Exceptional Results.Your e-house will be assembled by our qualified experts with years of experience. We test every component before shipping to reduce risk and help ensure a smooth, cost-effective installation.See more on quadplus

These custom-designed power centers are built to fight any harsh environment and weather. You can choose the voltage combination or frequency that suits your electrical requirement and ...

Elgin Power Solutions builds rugged power centers for underground mining and heavy industrial use, delivering safety, power reliability, and simplified integration.

As trusted e-house manufacturers, we design and build custom electrical enclosures for efficient power distribution and reliable industrial operations.

No matter what you call it, the DRIFTER series is built to provide reliable and safe power in the harsh environment of underground mining. Designed with decades of underground power ...

Power conditioning and distribution cabinet that offers the benefits of a custom-tailored system while offering the convenience and cost savings of a pre-packaged, factory-tested solution.

Power Distribution Containers from GEM Containers offer a safe and efficient solution for housing critical electrical equipment such as transformers, generators, and switchgear.

We offer a variety of ruggedized distribution and breaker panels, including in specialty stainless steel or other enclosures, fully packaged with safety and monitoring controls.

PBE Axell containerised switchrooms distribute power at a wide range of voltages for heavy industry, mining, tunnelling and construction projects. This containerised modular solution is ...
