Does Kosovo have solar power?

Kosovo has the potential of capturing solar energy directly and converting it to electricity. The region of highest solar potential based on global horizontal irradiation is the southwestern part of Kosovo, centred around the city of Gjakova. Solar power is already used on the roofs of some buildings.

Why should you choose energy solutions in Kosovo?

Clean energy solutions designed to enhance efficiency and sustainability for homes across Kosovo. Comprehensive energy systems tailored to meet the unique needs of businesses locally and regionally.
