Lithium is used to treat the manic episodes of manic depression - hyperactivity, rushed speech, poor judgment and aggression. Learn about side effects, interactions and indications.

Pasig City, Philippines -- 21 July 2025 - Meralco PowerGen Corporation (MGEN) is set to develop a 49-megawatt (MW) Battery Energy Storage System (BESS) in Toledo, ...

It will be integrated into an existing operational thermal power plant facility in Mactan Economic Zone in Lapu-Lapu City, Cebu, within the Visayas administrative region.

Most lithium is mined as rock minerals in Australia, while significant quantities are also produced from salars in Chile, Argentina and China. Lithium is produced from industrial ...

Lithium (from Ancient Greek: ?????, lithos, "stone") is a chemical element; it has symbol Li and atomic number 3. It is a soft, silvery-white alkali metal. Under standard conditions, it is the ...

A solar farm in Balamban now uses lithium batteries to store excess daytime energy, powering 7,000 homes nightly. "It's like having sunshine in a box," quips the plant manager.

Located within the Mactan Economic Zone, the project is among the first large-scale energy storage systems in the region and is seen as vital to supporting the area's growing ...

Meralco PowerGen Corp. (MGen) is moving forward with plans to construct a 49-megawatt (MW) battery energy storage system (BESS) facility in Toledo, Cebu.

It will be integrated into an existing operational thermal power plant facility in Mactan Economic Zone in Lapu-Lapu City, Cebu, within ...

Learn more about Lithium uses, effectiveness, possible side effects, interactions, dosage, user ratings and products that contain Lithium.

MGEN's 49MW Battery Energy Storage System in Toledo, Cebu, targets full completion by 2027, boosting Visayas grid stability and clean energy transition.

Lithium toxicity is closely related to lithium blood levels and can occur at doses close to therapeutic levels; lithium levels should be monitored closely when starting the medication or if ...
