-----

It is designed as a complementary component to Nordic's nRF52 Series and nRF53 Series System-on-Chips (SoCs) to ensure reliable power delivery and stable operation, whilst ...

Our eBESS battery container provides a flexible and reliable backup power source for the power grid, helping to maintain stability and reliability. It can be easily integrated into the power grid, ...

Nordic delivers world-class hardware, embedded software, development tools, power management, world-class support, and cloud lifecycle services - all simplifying development ...

Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable ...

Cellular IoT Wi-Fi Bluetooth Low Energy Nordic Product Guide [Click to download PDF](#)

With advanced lithium-ion battery technology and intelligent control system, our eBESS battery container offers a scalable and modular energy storage solution that is easily expandable as ...

Just last month, Stockholm unveiled Northern Europe's largest lithium-ion storage array - 150 connected containers storing enough energy to power 45,000 homes during winter blackouts. ...

A detailed overview of the security features provided by Nordic Semiconductor, including how hardware-based security is incorporated from secure boot to secure wireless communication.

Initial construction of the battery storage project -- which has a capacity of 5 megawatts and 10 megawatt-hours -- began in the third ...

An integrated RISC-V coprocessor can run software-defined peripherals and handle time-critical tasks. With innovative technologies emerging - like Channel Sounding in Bluetooth 6.0 - ...

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the acquisition of its long-term partner, Memfault Inc., the market-leading cloud ...

Support for intermittent renewables: With the increasing share of solar and wind power in the Nordic energy mix, batteries can store excess energy generated during peak production times ...
