These solar batteries are rated to deliver 12 kilo-watt hours kWh per cycle. Check your power bills to find the actual kWh consumption for your home or business.

BigBattery's ETHOS 12kW Energy Storage Systems offer a scalable, UL-certified solution for grid-tied applications, combining high-capacity lithium iron phosphate (LiFePO₄) batteries with a ...

BigBattery's ETHOS 12kW Energy Storage Systems offer a scalable, UL-certified solution for grid-tied applications, combining high-capacity lithium ...

These Solar Panels are BiFacial with Double Glass. Bifacial technology enables additional energy harvesting from rear of panel (up to 25% more). These will produce more power output in ...

These Solar Panels are BiFacial with Double Glass. Bifacial technology enables additional energy harvesting from rear of panel (up to 25% more). ...

With an IP65 rating, the inverter is designed to withstand harsh environmental conditions, making it suitable for outdoor installations.

Off-grid 12kW solar power system with 48V 14.3kWh LiFePO₄ RHINO 2 battery & hybrid inverter. Ideal for home backup, cabins, or solar installations. 10-year warranty.

The Big Battery 12kW 10.2kWh ETHOS Energy Storage System was built to be a versatile home power solution, with a stackable, modular design for easy expandability, and all hardware ...

BigBattery ETHOS + EG4-18kPV: Up to 30.7kWh & 12kW output for indoor/outdoor use. Great for offices, job sites, warehouses. Includes BMS & smart control.
