-----

The JPE-L is a robust and weather-resistant 4G LTE Base Station that boasts exceptional dependability, enabling cellular connectivity in remote areas that are difficult to access.

PureWave Constellation is a family of revolutionary outdoor LTE small cell base stations, designed to deliver astonishing wireless capacity over a range of several dense city blocks, ...

If an adjacent base-station transmission (UTRA or LTE) is detected under certain conditions, the maximum allowed Home base-station output power is reduced in proportion to how weak the ...

Built for rugged outdoor environments, it includes lightning protection, GPS and 1588v2 synchronization, and PoE/AC power options. It supports Baicells" embedded HaloB EPC or ...

The Intercell 10 B38+B39 is an outdoor TDD-LTE dual carriers base station with 2\* (2\*10W) output power (each carrier supports 2x2 MIMO with 10W output each RF channel ). ...

Ubiik"s diverse range of LTE base station products is designed for robust & secure connectivity in various IoT applications.

The Cubic Cellular Base Station is a rugged, externally rated 4G LTE Base Station with optional integrated Core Network that provides cellular connectivity to hard to reach places. Suitable for ...

Built for rugged outdoor environments, it includes lightning protection, GPS and 1588v2 synchronization, and PoE/AC power options. It supports ...

CableFree offers Band 46 5GHz LTE Base Station and Outdoor CPE devices for operation in Unlicensed 5GHz spectrum, enabling smaller operators and private customers to build LTE ...
