Do I need a voltage converter in Sao Tome & Principe?

The voltage used in Sao Tome and Principe is 220V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Sao Tome and Principe. If the voltage and/or frequency in your country is different, you should check if your devices are dual voltage.

What is the standard power socket voltage in Sao Tome & Principe?

All power sockets in Sao Tome and Principe provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Sao Tome and Principe if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Do I need a travel adapter in Sao Tome & Principe?

The electrical outlets and power plugs in Sao Tome and Principe are of types C & F (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.

Does a laptop charger work in Sao Tome & Principe?

In Sao Tome and Principe, the standard voltage is 220V and the standard frequency is 50Hz. Most laptop chargers are designed to be compatible with a range of voltages (dual voltage), so they should work with outlets in Sao Tome and Principe without any issues.

From a wide range of quality brands to affordable picks, these reviews will help you find the best inverter 60v to 220v, no matter what your budget is.

Shop from a wide range of car solar inverters online at Ubuy [Sao Tome](#); and [Principe](#). Find the best deals on car power inverters, voltage converters, and more.

Yes, traveling to Sao Tome and Principe requires a power plug adapter. Sao Tome and Principe uses Type C/F electrical outlets, which may not be compatible with your device plugs.
