Ideal for use in renewable power plants. Powered by lithium-ion batteries, this portable product is ready to supply reliable power in challenging ...

Romanian transmission system operator Transelectrica has announced a tender for a battery energy storage project with a 35MW power output and 70 MWh storage capacity. [pdf]

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire suppression systems, and other ...

Initial Consultation: Contact us with details about the energy storage solutions you're interested in, such as wind cooling, liquid cooling, customized wind-cooled storage containers, or liquid ...

Ideal for use in renewable power plants. Powered by lithium-ion batteries, this portable product is ready to supply reliable power in challenging situations. It can work in island mode, as a hybrid ...

What is a mobile solar PV container? High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. ...

Alfen's mobile energy storage products are sustainably produced, fully recyclable, and ensure zero emissions on-site. Mobile energy storage provides a reliable power solution that is easy ...

Looking for a high-performance, scalable battery energy storage container? Contact us today to discuss your custom solution and take the next step toward smarter, cleaner energy.

Alfen's mobile energy storage products are sustainably produced, fully recyclable, and ensure zero emissions
