Goodwe GW5000-SDT-20 5kW 2 MPPT Three-Phase Inverter offers stable power, easy installation, and advanced safety for your self-consumption system. Thanks to its IP65 and ...

To allow a maximized power output, even under low-light or fluctuating weather conditions, this inverter comes with 2 MPPT and 1 string inputs. With a wide input voltage range of 620.0 ...

Suitable for both outdoor and indoor installations, this inverter offers a quiet operation due to its fan-less, natural convection cooling. The GoodWe Smart DT series of inverters is specially ...

The GoodWe Smart DT series of inverters is specially designed for three-phase home solar systems, covering a wide power range of 4kW, 5kW, 6kW, 8kW, 10kW. The integrated two ...

Plug a communication module into the inverter to establish a connection between the inverter and the smartphone or web pages. The communication module can be a Bluetooth module, WiFi ...

Do you need this product? Send a request for proposal to Sellers!

The GoodWe GW5000-DTL is an innovative solution of GoodWe for solar installations with connection to three-phase network. The SDT series inverter is small, light and easy to install.

The GOODWE GW5000-SDT-20 three-phase inverter, utilizing its two onboard MPPTs, ensures a high level of efficiency for the photovoltaic system.

Inverter product information for solar systems - model GW5000T-DS by GoodWe Technologies Co., Ltd. including datasheet and warranty information where available.
