-----

A contract has been awarded to SgurrEnergy to build Sri Lanka's first MW solar PV project, which will include a 12 MWh battery energy storage system (BESS).

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

With these measures, the landscape of solar energy utilisation in Sri Lanka is poised for a significant transformation. The likely introduction of Time of Use (ToU) tariffs and a ...

Hayleys Solar and BYD introduce advanced battery and inverter systems in Sri Lanka to boost energy security, savings, and ...

Commercial & Industrial (C&I) BESS (500 kW - 5 MW) - Factories and large consumers can use BESS to shave peak demand, ...

SgurrEnergy has secured the contract to develop Sri Lanka's first 100 MW solar photovoltaic project with a 12 MWh battery energy storage system (BESS). It will be ...

Sri Lanka's state-owned utility, the Ceylon Electricity Board (CEB), has issued a Request for Proposals (RFP) for the development of 160 MW/640 MWh of standalone battery ...

Hayleys Solar and BYD introduce advanced battery and inverter systems in Sri Lanka to boost energy security, savings, and sustainability.

As Sri Lanka's energy demands evolve, hybrid renewable systems combining solar, wind, and battery storage

are becoming the new normal. ISL is proud to be part of this ...

Commercial & Industrial (C&I) BESS (500 kW - 5 MW) - Factories and large consumers can use BESS to shave peak demand, store solar power, and improve energy ...

Colombo, Sri Lanka - Marking a pivotal moment in South Asia's renewable energy journey, SgurrEnergy has secured a ground-breaking contract for Sri Lanka's first 100MW ...

The project establishes Sri Lanka's largest non-government-funded battery energy storage system (BESS), powered by solar photovoltaic (PV) technology. The Battery ...
