-----

Stockholm-based energy grid innovator Flower has successfully closed a EUR25 million (290M SEK) Series A funding round. The investment, led by Northzone with additional ...

Just last month, Stockholm unveiled Northern Europe's largest lithium-ion storage array - 150 connected containers storing enough energy to power 45,000 homes during winter blackouts.

The smart, highly flexible industrial and commercial storage systems which are developed and built in-house at ADS-TEC Energy support the economic transition to a ...

How does Stockholm's energy supply cope with a power shortage? with increasing power shortages. To meet the region's needs, the energy company Stockholm Exergi and the power ...

Mobile energy storage systems in Stockholm are reshaping how businesses and households manage power needs. From solar-integrated units to emergency backup systems, this guide ...

The event will outline the legislative landscape for project development in Sweden, paying particular attention to project financing, PPAs, the various income streams for storage ...

A novel integrated floating photovoltaic energy storage system was designed with a photovoltaic power generation capacity of 14 kW and an energy storage capacity of 18.8 kW/100 kWh.

The plant in Haninge, Sweden, will be operated through a joint venture with Stockholm Exergi, recognized as one of the leading district heating companies in Europe.

Because they've cracked the code for 24/7 clean energy --even when the sun plays hide-and-seek. Let's

unpack how this Nordic nation is rewriting the rules of solar power.

Between fluctuating energy demands and strict carbon neutrality targets, developers need solutions that work smarter, not harder. Enter Fluence Sunstack DC-coupled storage, the ...

The smart, highly flexible industrial and commercial storage systems which are developed and built in-house at ADS-TEC Energy ...
