Why are India's solar glass imports being investigated?

The investigation into below-cost imports from China and Vietnam began in February last year, following a complaint by Indian manufacturers led by Borosil Renewables, the country's largest producer of solar glass. There are four other domestic manufacturers of this key input for the renewable energy sector.

How long does the DGTR impose anti-dumping duty on solar glass?

The DGTR has proposed that the duty be imposed for five years. However, instead of the conventional anti-dumping duty--typically calculated as a percentage of the import value or on a per-unit basis--the DGTR has taken a different approach in the case of solar glass.

Which region dominates the solar glass market?

"Asia Pacific Region to Dominate the Market with Adoption by Commercial Areas and Major Players"; The Asia Pacific region held almost half of the solar glass market share in 2020.
