Single-phase grid-tied inverter with 2 MPPT channels available in power sizes from 3 to 6kW. The ease of installation makes the W-HPS the ideal solution.

Discover how IP ratings define water resistance, the differences between indoor and outdoor models, and tips for choosing the right inverter for harsh weather conditions.

Off-grid inverter.

Single-phase grid-tied inverter with 2 MPPT channel in power to 6kW. The ease of installation makes the W-HPS the ideal solution for residential photovoltaic systems.

With its robust waterproof IP65 rating, this inverter withstands rain and harsh weather, making it perfect for protected outdoor placements. Its built-in high-precision MPPT ...

Learn how waterproof solar inverters maintain stable power output in rain, dust, and heat. Ideal for rooftops, agriculture, and remote installations.

Find your waterproof dc/ac inverter easily amongst the 27 products from the leading brands (Absopulse, VEICHI, Bosch, ...) on DirectIndustry, the ...

Single-phase grid-tied inverter with 2 MPPT channel in power to 6kW. The ease of installation makes the W-HPS the ideal solution for residential ...

AC electric power transmission using the reverse transmission technology, Is one of our patented technology, The inverter output power can provide load priority use, Extra electricity to the ...

Western European outdoor waterproof inverter
