Hello, please don't take this the wrong way. I appreciate your time and work on Linux Manjaro, and I understand that some things simply take longer sometimes. As far as I ...

Since the last major upgrade (a few days ago) dolphin stopped to remember the open tabs and folders when shutting down or restarting the system. This is different from ...

Hello everyone! Since one of the last major updates, my touchpad has stopped working. I've found posts from people with similar problems, but their fixes didn't work for me. ...

What kernel does Manjaro generally use? Does it use the latest kernel (6.15.2) or does it use LTS (6.12.33) or something else based on curation? I noticed the ISO said 612.

This major update 22.0 installed kernel 6.1.1-1 An update does not install new kernels - only update existing ones - so the update didn't install 6.1 - you did. And for the ...

The Arch wiki is very detailed you just need to follow the steps. Of course unfortunately PostgreSQL makes it very complicated to update to a new major version. So if ...

After the major update to Wayland from X11 the External monitor shuts off when I close the laptop monitor / the lid of the notebook. It happens even in the energy option it is not ...

Yesterday there was a major upgrade. I use manjaro sway. Before I did the upgrade yesterday the ssh server was working. Now although openssh is installed, when I do "sudo ...

So the AUR actually contains the original printer driver. If I now print something using the original printer
